

flaky, dry lips?

## **Description**

### [Dry Flaky Lips soothed with Renew Lip Serum](#)

Just in time to save my cracked lips!

My lips get really chapped any time its windy or temperatures have drastic shifts. Right before I tried this, my lips were the worst in a while- cracked in 2 places! This serum soothed at first application and with just an AM and PM reapply, my lips have never felt or looked better. I love the light summery scent and that the taste is neutral. I love how smooth it goes on and stays on without feeling heavy, goopy, or sticky. New fave product! For a gal who is in the mountains no matter what the weather, exposed to rain, sleet, snow, this is a Godsend.

## **But is it safe?**

The Shaklee Corporation checks with the Environmental Working Group for guidance and verification of all its skin and personal care products. None of the more than 2500 potentially toxic ingredients found in many skin care products are present in Shaklee's products. Here's the list of ingredients.
