Pyramid or MLM

Description

Esteemed One,

I've created a 2 minute video with my thoughts on **Pyramid or MLM** as an "all-boats-rise-to-the-top" method of beating the 1% at their game, up there on top of their corporate empires.

Your life and mine don't have to fit into this model. We have an option in *MLM, Multilevel Marketing,* escape from the *Pyramid.*

would love to be your coach and help you reach your goals.
