**Daedalus Project** 

## Description

You may be interested in the scientific study behind <u>Performance</u>, the hydrating drink that fueled the famous <u>Daedalus Project</u>, human powered flight. The research document describing the problem and the solution and the results were first published in American Scientist, vol. 76, July-August 1988. Worth reading to understand how unique Shaklee products are. This same care is applied or has been applied to every product produced. Nadel-1988.
